- Time, purchase order costs, reconciling packing list to purchase orders
- Return processing and eliminate need for emergency pick up at distributor

Additional Benefits
- Organized job site / warehouse / pre-fab
- On-Site customized Leff Electric Store
- Sales history and usage reports
- Better pricing / volume
- Bar-coded inventory / accuracy
- Guaranteed 30 day return credit on project closeouts for items in saleable condition
- Leff's integrated network of services at your disposal

"BEST IN CLASS" LMI PROCESS 3 EASY STEPS

1 STEP 1: SITE SURVEY

Site survey is conducted by Leff Team to determine:
- Storage Equipment Needs
- Locations for Equipment
- Products Needed for the Job
- Min / Max Levels
- Reporting Needs

LMI SYSTEMS ARE CUSTOMIZED TO FIT YOUR NEEDS

Job Conex Trailers | Job Boxes | Fixture Carts | Customer Warehouse | Pre-Fab Areas | Conduit Carts

2 STEP 2: ORGANIZING, STORING & SERVICING

The Leff Team will manage the entire process:
- Setup and label storage equipment
- Put stock away and replenish as needed
- Provide job usage and inventory reports

3 STEP 3: POST JOB ANALYSIS

- End of job cleanout (30-day return)
- Post-meeting to review what went well and ways to improve service
- Final usage reporting
